

**I A T T E C**®

Manufacturer of the  
World's Only High-Definition  
Articulating Mowers

## TURF/COMMERCIAL MODEL 621EF

- The most compact 3-wing rotary available
- The most efficient patented drive available for a 3-wing deck
- Far less overall length than any other 3-wing rotary
- Perfect for tight budgets that need cut quality and productivity

### **Built with the Budget Minded Golf Courses in Mind**

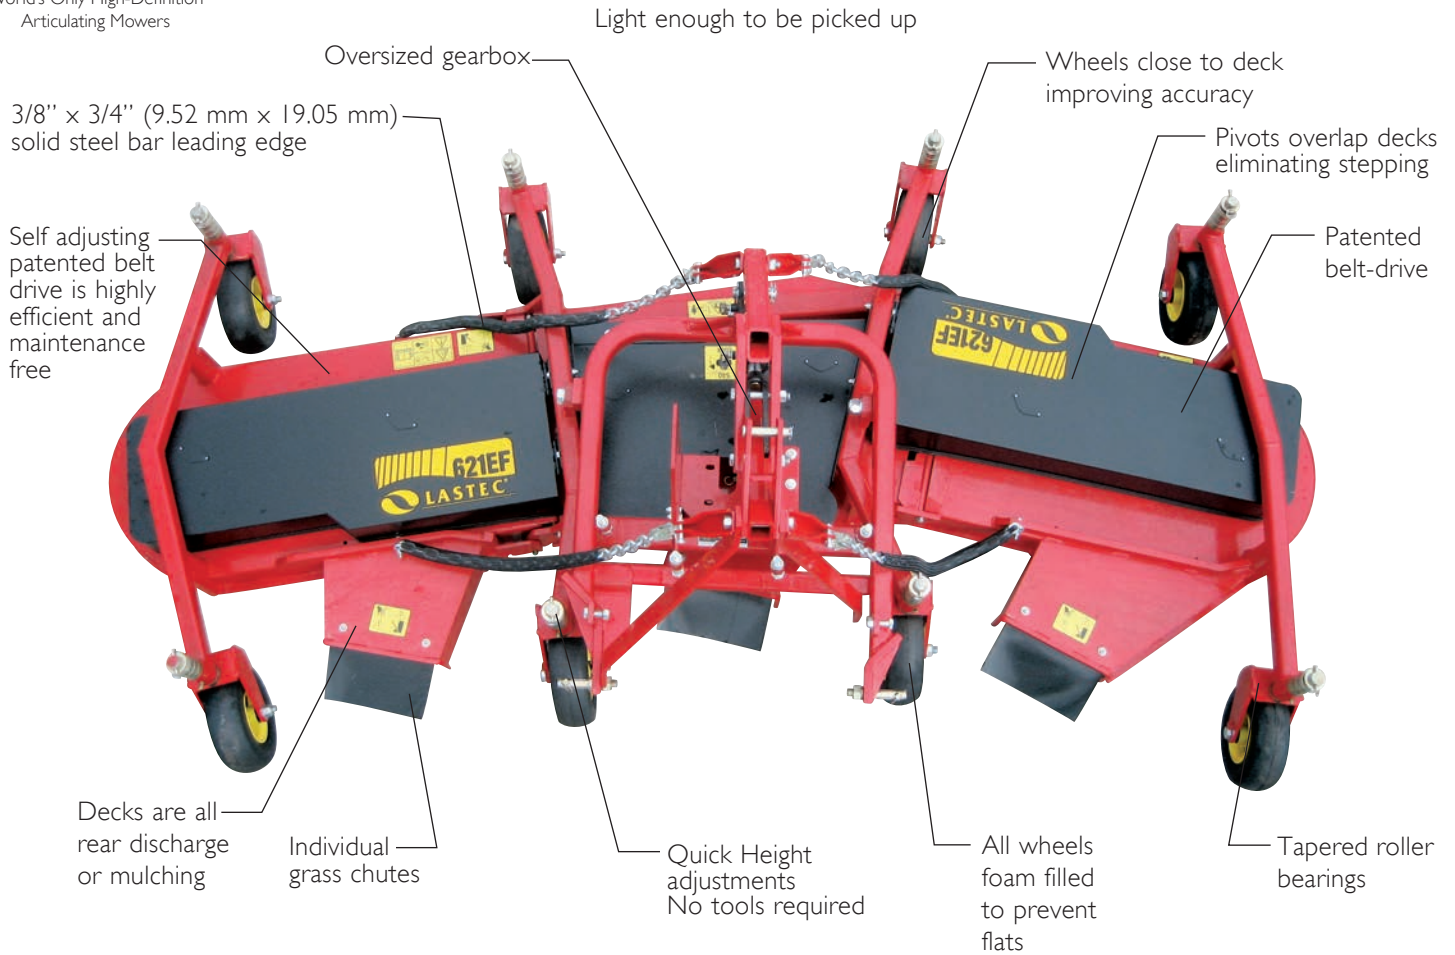

Mow with one of the most impressive mowing decks in the world. Imagine the perfection you will achieve with three 42" (106.68 cm) decks. This gives you the productivity of a 10'-6" (3.2 M) mower with the precision cut of three much smaller mowers. The Model 621EF utilizes a patented self-tensioning belt drive system that is efficient and maintenance free. The 621EF is a highly maneuverable mower in a compact package and can be lifted by the tractor for transport.
